

Credit Management Advisory & Debt Recovery

Audits, Surveys and Field Examinations

Working with our partner's Audit ID and working within the Invoice Discounting and Asset Based Lender arena we perform

- regular cycle audits and reviews;
- new business surveys;
- deal structuring and re-structuring;
- business viability testing
- client management advice.

Our Operations offer a rapid response (on-site within 24 hours), single or multi-day fieldwork, remote fieldwork using bespoke technology and data extraction, and overseas work. We are flexible and listen to and understand your ledger requirements responding with both risk and commercial awareness.
